

## **ANNEX B**

### **CONSTRUCTION PROGRAMME**

**Schedule of Works associated with the double berth jetty at LNG Terminal**

| WORK                      | Q3 2020 | Q4 2020 | Q1 2021 | Q2 2021 | Q3 2021 | Q4 2021 | Q1 2022 |
|---------------------------|---------|---------|---------|---------|---------|---------|---------|
| <b>Preparation Phase</b>  |         |         |         |         |         |         |         |
| Pre-survey                |         |         |         |         |         |         |         |
| <b>Construction Phase</b> |         |         |         |         |         |         |         |
| Jacket Installation       |         |         |         |         |         |         |         |
| Topsides Construction     |         |         |         |         |         |         |         |

**Schedule of the works associated with the subsea gas pipeline for Lamma Power Station (LPS) and the associated Gas Receiving Station (GRS) in LPS**

| WORK   | Q3 2020 | Q4 2020 | Q1 2021 | Q2 2021 | Q3 2021 | Q4 2021 |
|--|---------|---------|---------|---------|---------|---------|
| <b>Preparation Phase</b>   |         |         |         |         |         |         |
| Pre-survey   |         |         |         |         |         |         |
| Removal of obstructions  |         |         |         |         |         |         |
| <b>Construction Phase</b>  |         |         |         |         |         |         |
| Pre-trenching including Deployment of Silt Curtain and Pilot Test  |         |         |         |         |         |         |
| De-burial of pre-installed pipeline by Mass Flow Excavator   |         |         |         |         |         |         |
| Pipeline Laying  |         |         |         |         |         |         |
| Intermediate Hydrotesting for Pipeline   |         |         |         |         |         |         |
| Post-trenching including Deployment of Silt Curtain and Pilot Test   |         |         |         |         |         |         |
| Rock Armour Placement  |         |         |         |         |         |         |
| Final Hydrotesting for Pipeline  |         |         |         |         |         |         |
| Gas Receiving Station (GRS) including pipe rack construction, preparation works at the vent header for tie-in of the new GRS, fencing, new gas receiving facility and new pipeline connection, and pre-commissioning, commissioning and start up |         |         |         |         |         |         |

**Remarks:**

Pilot tests on the efficiency of silt curtain system shall be conducted during the early stage of construction to confirm the removal efficiency of the silt curtains.

| Schedule of the works associated with the subsea gas pipeline for Black Point Power Station (BPPS) and the associated Gas Receiving Station (GRS) in BPPS  |         |         |         |         |         |         |         |         |
|--|---------|---------|---------|---------|---------|---------|---------|---------|
| WORK   | Q3 2020 | Q4 2020 | Q1 2021 | Q2 2021 | Q3 2021 | Q4 2021 | Q1 2022 | Q2 2022 |
| <b>Preparation Phase</b>   |         |         |         |         |         |         |         |         |
| Pre-survey   |         |         |         |         |         |         |         |         |
| Removal of obstructions  |         |         |         |         |         |         |         |         |
| <b>Construction Phase</b>  |         |         |         |         |         |         |         |         |
| Pre-trenching including Deployment of Silt Curtain and Pilot Test  |         |         |         |         |         |         |         |         |
| Cofferdam and Sheet Pile Construction  |         |         |         |         |         |         |         |         |
| Pipeline Laying  |         |         |         |         |         |         |         |         |
| Post-trenching including Deployment of Silt Curtain and Pilot Test   |         |         |         |         |         |         |         |         |
| Rock Armour Placement  |         |         |         |         |         |         |         |         |
| Intermediate and Final Hydrotesting for Pipeline   |         |         |         |         |         |         |         |         |
| Gas Receiving Station (GRS) including pipe rack construction, preparation works at the vent header for tie-in of the new GRS, fencing, new gas receiving facility and new pipeline connection, and pre-commissioning, commissioning and start up |         |         |         |         |         |         |         |         |
| Remarks:<br>Pilot tests on the efficiency of silt curtain system shall be conducted during the early stage of construction to confirm the removal efficiency of the silt curtains.   |         |         |         |         |         |         |         |         |
